### Scuttlebutt news

\* **SLCA :** Is happy to announce two new officers to our team. Kelly Koher secretary, and Marci Galumbos Membership director. These ladies have stepped up to insure our mission is successful.

\* **Lake Courtesy:** Noise travels on the water, be aware of your Voices, Language, Music and Engine noise. Know the boating laws, and who has the right of way. Use a counter clock wise course on busy weekends. Be a good Stuart of the environment. Keeping your trash in your boat and not letting it blow out. If you carry it out full, surely you can carry it back empty.

Follow the law for Legal fireworks. Jan 1, July 3, 4,5 Dec 31 5pm till 2 hrs after sunset.

\* **A note from Marci, membership director .**We need your help! If a property sells in your neighborhood please send us the new info. Also we need active directors in each addition to help our association grow and keep our residents informed.

\* **We are saddened that our dedicated neighbor Dale Graff** passed, earlier this month. Dale and VP Gary Hohenberger started our Canadian goose reduction program over 20 years ago. This program is vital to our lakes water quality. Last year we saw the fruits of their efforts. As the number of nests and eggs were half of our normal readings. This program is now being used on most Steuben Co. lakes. And is closely monitored by IN. DNR .

Snow Lake .us is our web site. We need current information to keep it relevant. Send your news, pictures, lake stories, Lost and found, To Greg Griffis our web master. [ggriffis@hotmail.com](mailto:ggriffis@hotmail.com) He will be happy to down load this info and keep things current.

Renewing your membership with SLCA will give you a discount on your trash and recycling. This discount is monitored by our yearly membership list. Yearly dues are \$30.00 per year and you can give more for your special favorites. One third of your dues go into an Environmental fund to be used for our share of State Grant money available thru the DNR LARE program . This fund was started in 2014 and is growing thanks to our dedicated residents.
